

Chinese Business and Technical Offers and Requests 中方项目需求名录

2020 March
Issue 2

EU Project Innovation Centre
EEN West & North China

COVID-19-Countering Medical Items Supplier List

Warm tips:

1. All price offer displayed is quotation by Chinese manufacturers & suppliers one week before, and is for reference only. The actual price is subject to frequent change due to the huge market demand and pursuant to the supply capacity and inventory.
2. The same-day FOB quotation is calculated and determined according to the production costs, volume of orders and exchange rates, and it can be fluctuant due to the current situation in different countries. Detailed information should be negotiated on between the two parties.
3. Most (almost all) Chinese manufacturers and suppliers we contact are nearly overwhelmed by the purchase orders, and now accept payment by T/T only.
4. Kuehne + Nagel freight agent (www.kuehne-nagel.com) offers direct cargo flight service from Chengdu (China) to Milano (Italy) and other European countries. For more information on logistic solutions in Europe please contact:

Eric Tang

Manager of K+N freight agent in CHENGDU

Mobile: +86-18583961393,

Email: eric.tang@kuehne-nagel.com

5. Please note EUPIC is not involved in actual transactions and does not guarantee the execution of practical deals. But we are always there to assist you with communication with local suppliers.
6. Per our information from Europe, we suggest buyers obtain procurement proxy by government or specialized healthcare institutions, or be an enterprise with approval to run medical equipment business. For policy clarification, please contact relevant authorities in your country.
